

For 20 years the Scramble for Life has been a fun event in which people participate knowing they are supporting a great need in our community.

As the Foundation's largest annual fundraiser, the Scramble has raised more than \$600,000 from 1992 through 2010 to assist HAHC meet the health care needs of our patients, residents and clients.

As a Foundation volunteer for the past five years, I have watched the Scramble grow, including the integration of a smaller event, the Legacy Golf Tournament. This has allowed many businesses to participate at various support levels. The Foundation would not be as successful without such fabulous supporters!

I encourage you to participate this year and join the wave of support for the Foundation and Hutchinson Area Health Care. On behalf of the entire Foundation Board of Directors, I thank you for helping and working with us to "promote health care excellence through philanthropy."

Kindest Regards,

*Mary*

Mary Inglis  
Foundation President
